Dear Mr. Day:

On April 2, 2015, the Division of Oil, Gas and Mining received an application to transfer the referenced Notice of Intention to Commence Small Mining Operations (Notice) for the Little Green Monster mine from The Technology Store, Inc., to Alan Day. Included with the transfer application was an amendment to the Notice. Based on the information in the Notice, the required reclamation surety amount is \$8000 for a three-year escalation (next evaluated in 2018) or \$8200 for a five-year escalation (next evaluated in 2020). These amounts are based on standard costs approved by the Board of Oil, Gas and Mining as shown below.

The surety may be submitted in the form of cash, a certificate of deposit, a letter of credit, or a corporate surety bond. Please contact the mineral program's bonding coordinator, Penny Berry, for information about submitting the surety. She can be reached at 801-538-5291 or by e mail at pennyberry@utah.gov.

The Division also needs to receive a signed and notarized reclamation contract. A copy of the form is enclosed, and it is also available on the Division's web site at https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-RC-SMO.pdf.

Once the Division receives the reclamation contract and surety, The Technology Store Inc. may apply for the release of their remaining surety by submitting form MR-SITE available at https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-SITE.pdf.

Please contact April Abate at 801-538-5214 or me at 801-538-5261 if you have questions regarding this letter. Thank you for your cooperation.

Dear Sirs,

Please find enclosed a completed Form MR-TRS Application for Transfer of Notice of Intention to Commence Small Mining Operations transferring permit S/049/0085 from The Technology Store to myself, Alan Day for the Little Green Monster project.

Also enclosed please find a completed Form MR-SMO Notice of Intention to Commence Small Mining Operations with the new Operator Information.

A form MR-REV-SMO Application to Revise a Notice of Intention to Commence Small Mining Operations or Exploration has also been included, which details some minor changes to the original approved NOI.

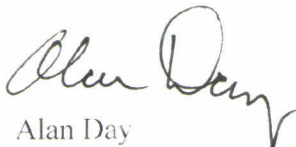

The previous operator (The Technology Store) completed trenching and associated reclamation and received back a portion of their reclamation bond. A small portion was retained for re-vegetation. The revised work program will consist of work within the same disturbed area as the original NOI.

Please advise me as to the procedures and requirements for submitting the additional bond.

Mineral Exploration Services submitted a Notice of Intention to Conduct Exploration on the same mine. Please cancel this submission, and if possible, transfer the funds (\$150.00) towards the annual fee for Permit S/049/0085.

If you have any questions, please call Alan Day at: 775-954-1082

Thanks,

Alan Day
